Document 1: Terms of Service

TERMS OF SERVICE Last Updated: December 31, 2025

1. ACCEPTANCE OF TERMS By adding the "AI Tutor" bot (the "Service") to your Discord server or by using its features (including but not limited to commands such as /ask, /explain, /quiz, and /codehelp), you agree to be bound by these Terms of Service. If you do not agree to these terms, please do not use the Service.

2. DESCRIPTION OF SERVICE The Service is a Discord bot designed to function as an AI Tutor. It utilizes artificial intelligence to answer questions, explain concepts, summarize text, and provide coding assistance. The Service relies on the Discord platform and Google's Generative AI (Gemini) API to function.

3. USER CONDUCT You agree that you will not use the Service to:

• Generate content that violates Discord's Community Guidelines or Terms of Service.

• Generate content that is illegal, harmful, threatening, abusive, harassing, defamatory, or promotes violence.

• Attempt to reverse engineer, decompile, or hack the Service.

• Overload the Service with excessive requests designed to disrupt functionality.

4. AI DISCLAIMER AND ACCURACY The Service uses Google's Gemini models to generate responses. You acknowledge that:

• Accuracy: Artificial Intelligence can occasionally produce incorrect, misleading, or biased information ("hallucinations"). You should verify all information provided by the Service, especially regarding math, coding, or factual research.

• No Professional Advice: The Service is for educational and informational purposes only. It is not a substitute for professional advice in legal, medical, or financial matters.

• Response Generation: The Service uses prompts that include your display name to personalize the tutoring experience.

5. SERVICE MODIFICATIONS AND AVAILABILITY The Service is provided "as is" and "as available." The developer reserves the right to modify, suspend, or discontinue the Service at any time without notice. The Service may experience downtime due to Discord API or Google API outages.

6. LIMITATION OF LIABILITY To the fullest extent permitted by law, the developer of the AI Tutor bot shall not be liable for any indirect, incidental, special, consequential, or punitive damages resulting from your use of the Service.

7. CONTACT INFORMATION For any questions regarding these Terms, please join our support server:
